Serial No.

I should like to have steps taken to relieve Dr. Coleman of the charge of the Agricultural Chemist's Laboratory and set him free to devote his whole time to his legitimate duties. Mr. Yagnanarayana Iyer may be placed in charge of the Agricultural Chemist's Laboratory.

27/1/09

To Retrench

Put up draft cancelling the earlier order

27.1.09

27/1/09

Delay in putting up this draft was due to the fact that the previous files on the subject could not be traced (vide Robkar's note kept in the file).

Submitted with a draft. This order might lead to some complications as there are 2 Asst. Chemists, who are senior to Mr. Yagnanarayana Iyer & who have been doing analytical work though connected with the Geological dept in the Laboratory. It is also not clear whether Dr Coleman is to be relieved of the charge of the Laboratory merely as the senior Asst Chemist's dept

Notification No. R 2141-Agri 16-08-6 dated the 29th September 1908 stating that Dr L. C. Coleman, Mycologist and Entomologist assumed temporary charge of the office of the Agricultural Chemist

ORDER DATED 18-12-08.

2. Para 5 of Government order No. R 3913-23-Agri 42-08-4 dated the 18th December 1908 calling for the submission of separate proposals regarding the transfer to the Geological Department of the two Senior Assistant Chemists who were doing analytical work

over

SUBJECT

under the Agricultural Chemist in connection with the Geological Department.

Order thereon: No. R. 9200-4 ✓

9 12/3/09

Government are of opinion that it is desirable to relieve Dr Coleman of the temporary charge of the Agricultural Chemist's Laboratory which he assumed in September 1908 from Dr Lehmann on the latter's retirement ~~who retired~~ from the service, and set him free to devote his whole time to his legitimate duties as Mycologist and Entomologist.

They also consider that as recommended by Dr Lehmann in his annual report for 1907-08, the two Senior Assistant Chemists who have been doing analytical work in connection with the Geological department should be re-transferred to that department and placed under the orders of the State Geologist.

G.R.S. 27]

GENERAL AND REVENUE SECRETARIAT.

(*Continuation Sheet draft form.*)

As a consequence of the above changes, Mr A. K. Yegnanarayana Iyer, Assistant Chemist, who was Dr Coles Lehmann's principal Assistant in the Laboratory work pertaining to Agricultural Chemistry, will be placed in charge of the Agricultural Chemist's Laboratory, the Nebbal Farm etc, pending further orders.

The above arrangements will apparently necessitate an apportionment of rooms in the building and a division of the laboratory stores, as the officers concerned and a redistribution of the clerical and menial establishment may also be necessary. Govt trust that it will be possible to arrive at a suitable settlement on these points satisfactory to all concerned and leading to promote co-operation and co-ordination of work.

Govt desire that Dr Smeeth, Dr Coleman and Mr Yegnanarayana Iyer should

constitute themselves into a Committee to consider the above question in detail and submit proposals for the orders of Govt at an early date.
